Mobile, AL 36685

Dear Mr. Smith:

Re: PEB 855.
Expandable Steel Manhole Riser

At a recent meeting of the Alabama Highway Department's Product Evaluation Board your product was discussed. The Board decided to approve the above referenced product for use as an alternate to the currently approved method for raising manholes.

If any additional information is needed, please contact Mr. John P. Derickson, Product Evaluation Engineer, at (205) 242-6539.

Sincerely,

J. F. Caraway
Assist. Chief Engineer
Chairman, Product Evaluation Board

Re: *PEB 5058; Catch Basin/Inlet Riser*

Dear Mr. Fier:

The catch basin/inlet riser, manufactured by your company, was submitted to the Product Evaluation Board (PEB) of the Alabama Department of Transportation for approval consideration. Based on the review of the product application, associated documentation, and/or completed testing, the PEB concluded that the product met the initial requirements for placement on the Department's *Qualified Products Lists*.

The referenced product will be placed on our Department's *Miscellaneous Approved Products List, General and Roadway*. The product will remain on the list if it continues to meet the Department's current specifications and performs satisfactorily under field conditions.

As a requirement to remain on a list you must provide only approved products to the Department projects and promptly notify us through formal correspondence (i.e. company letter) of a company, product, and/or address name change, any changes in production of the product or alterations that may change the product chemically or physically. This will allow our listing to stay current and will prevent your product from being removed from the list due to out-of-date information or failure to adhere to the terms outlined above. In addition, we reserve the right to request samples for testing at our convenience and/or require the submittal of current test data from a certified/qualified testing laboratory for our review should the product fail to perform satisfactorily or if changes are made to the product after placement on our list.

If you have additional questions or need to notify of any changes, please contact Ms. J. Michelle Owens or Mr. Earnest Colvin at (334) 353-6940.

Sincerely,

George H. Conner, P.E.
Chairman, Product Evaluation Board
